

DIVERSITY, EQUITY, AND INCLUSION

Diversity, Equity and Inclusion Vision

The East Voyager Academy community fosters an academically rigorous environment that enables everyone to lead a purposeful life founded on equity, inclusivity, and justice.

Statement of Affirmation

At East Voyager Academy we recognize our collective responsibility to model growth and acceptance as we build a community of trust and courage. We practice empathy through meaningful experiences and appreciation of our local, national, and global differences in perspective, privilege, background, culture, and identity. We embrace the uniqueness of each individual and their personal identities, including, but not limited to socioeconomic, race, ethnicity, religion, nationality, culture, sexual orientation, gender identity, ability, and family composition to prepare students for lives in a multicultural society. East Voyager Academy is a caring and safe community where all can flourish.

The Diversity, Equity, and Inclusion Vision and Statement of Affirmation were approved by the East Voyager Academy Board in October, 2021.
